FEMSA Personal Responsibility Code

The Fire and Emergency Manufacturers and Services Association, Inc. (FEMSA) promotes a Personal Responsibility Code.

Safety Warning Notice

Products offered, sold, or invoiced herewith may have an applicable Safety Data Sheet (SDS) as prepared by the manufacturer of the product. The SDS is provided with the product. In addition, manufacturer's safety and/or warning notices, instructions and information relating to the proper use and care of the product is provided with the product. All applicable SDS, safety and/or warning notices, instructions and other information provided with the product should be thoroughly read, reviewed and understood prior to handling, distributing, using, reselling or servicing any and all products provided by Curtis. For other important product notices and warnings, or to request an SDS, manufacturer's safety notices, instructions and/or warning notices, please contact Curtis or visit our website.

For more information on FEMSA or Safety Warning Notices visit our website: <https://www.Incurtis.com/product-notices-warnings>

Vendor Partners

Curtis only partners with the **BEST** vendors of water rescue products. Although the companies above do not represent our entire line of products, they represent an experienced group that have product respect industry-wide.

Additional Products

The products shown in this catalog represent only a portion of the equipment we sell. Please contact us for all your emergency, fire, safety, personal protective equipment, haz-mat, confined space and disaster preparedness equipment needs. We also provide factory-authorized service and factory-certified product awareness on the use, care and maintenance of certain products.

More information is available at LNCURTIS.com or contact one of our locations.

The information contained in this publication is intended for general information purposes only and is based on information available as of the initial date of publication. No representation is made that the information or references are complete or remain current.

CMC HARNESSES

The ATOM Rescue is certified to North American Standards. It is built with versatile, high strength components that withstand abuse while allowing efficient movement on the ground and on rope. Features include steel attachment points, 3 Quick-Connect Cobra Buckles, flexible gear loops, and shoulder pads.

#202122 Small; #202124 Medium;
#202125 Large

The Fire-Rescue Harness™ remains one of the most versatile, multiple-use harnesses available. Used worldwide by fire department rescue teams, USAR teams, helicopter crews and wilderness SAR teams, this popular harness features multiple D-ring attachment points and the JackBack™ removable padding with breathable D3 cloth, which keeps shoulder straps separated and makes donning and doffing a breeze.

#202822, Small/Medium
#202824 Large/X-Large

CMC HARDWARE

MULTI-PURPOSE DEVICE (MPD)

BEST SELLER

#333000 (13mm) #333010 (11mm)

The MPD allows you to go from lowering to raising without changing hardware.

CLUTCH MULTI-PURPOSE DEVICE

#335013 (13mm) #335011 (11mm)

Suited to a multitude of rigging operations, the CLUTCH delivers efficient operation, ease of use, and optimal control.

HD PULLEYS

The HD (Heavy Duty) Pulleys are loaded with enhanced features including large high-efficiency anodized aluminum sheave and high-strength sealed bearings that minimize loss of mechanical advantage and will deliver optimum performance haul after haul.

CSR2 PULLEYS

The design of the CSR2 (Confined Space Rescue) Pulley is strong yet light and incorporates 7/16" (11mm) to 1/2" (13mm) lifeline.

PROTECH PULLEYS

#300502
Double

#300501
Single

Ideal for mountain rescue, swiftwater, ski patrol, tower work or other technical uses, where equipment weight is a significant consideration. These lightweight, full-strength Prusik-minding pulleys feature extremely low-profile stainless steel hardware.

SWIVEL DOUBLE PULLEY 1.5"

#300432

This swivel double pulley is a useful addition to the equipment cache for any rescue or rope access operation.

PMP SWIVEL SINGLE PULLEY 1.5"

#300430

The Prusik-minding pulley (PMP) is ideal for use with tripods or high anchor points.

RESCUE PULLEYS

#300302
Double

#300301
Single

This lightweight, full-strength, Prusik-minding pulley is ideal for mountain rescue, swiftwater rescue, or technical teams where equipment weight is a significant consideration.

PMP SWIVEL SINGLE PULLEY 1.1"

#300434

This lightweight Prusik-minding pulley (PMP) is ideal for backcountry use where every packable ounce matters.

KOOTENAY ULTRA PULLEY

#300391

The Kootenay Ultra Pulley is the most functional, versatile knot-passing and high-strength tie-off pulley available.

ALUMINUM OVAL CARABINER

#300081

#300083

Non-locking carabiners can be used for racking equipment or as the keeper carabiner on a load-release strap or mariner's hitch.

- #300081 Brite, 1"
- #300083 Red, 1"

PROSERIES XL ALUMINUM KEY-LOCK CARABINERS

#300241

#300253

Rescuers working in the most demanding circumstances will appreciate the ProSeries Aluminum Carabiners that meet NFPA strength requirements for General Use.

- #300253 XL Auto-Lock, Red
- #300241 XL Screw-Lock, Brite

PROTECH ALUMINUM KEY-LOCK CARABINER

Ideal for rescue and rope access, this anodized carabiner's patented key-lock design does not hang up when unclipping from your harness or web.

- #300161 Screw-Lock, Brite
- #300165 Screw-Lock, Black
- #300169 Screw-Lock, Orange
- #300182 Manual-Lock, Slate
- #300193 Auto-Lock, Red
- #300153 Auto-Lock, Red with Keeper

STAINLESS STEEL CARABINER

100% stainless steel, including internal parts such as pins and springs. Non-ANSI version will fit over a standard litter rail.

Both versions have NFPA strength rating of General Use.

- #300010 Non-ANSI Locking D
- #300011 ANSI-certified Locking D

RESCUE RACK

The Rescue Rack offers several innovative features to provide enhanced performance.

- Large aluminum bars provide excellent control for rescue loads.
- The Turbo Bar at the top has a tie-off pin on the side.
- The bars are center drilled to reduce weight and allow better heat dissipation.

DMM VAULT LOCK TOOL CARRIER

The two-part aluminum alloy Vault is secured using a stainless steel bolt and is the ideal solution for gear storage, organization and transportation. The locking gate option provides even greater security for your kit by preventing accidental opening.

#302552 **This is a tool carrier, not personal protective equipment.**

RAPPEL 8

The slightly more compact design of the Rappel 8 offers superb control on smaller rope.

#300845

ASCENDER

The CMC Ascender rope grab utilizes a spring-loaded cam to facilitate progression on life safety rope. Widely used by rescue teams as a rope clamp for an attachment to a litter harness tender line, as a travel restrict rope grab, ascending rope, and other applications where a mechanical rope grab provides greater efficiency.

#341103

ARIZONA VORTEX KIT

#727300

The Arizona Vortex is a tripod, bipod, and monopod in one all-inclusive kit. Its precision machined two-piece head can be rigged as a standard tripod or, in advanced applications, as an A-frame, Sideways A-frame, Gin Pole or a multitude of other configurations.

The tripod can be formed into an Easel A-frame with adjustable leg lengths. The versatile third leg allows rescuers to set up an artificial high directional in virtually any urban, industrial or wilderness application.

AZORP KIT (ARIZONA OMNI RIGGING POD)

#727400

The AZORP is a companion to the Arizona Vortex Kit. The two-in-one rigging pod combines the versatility of having two component halves that can be used in combination, or separately, at different positions on the inner or outer Vortex legs.

NEW ENGLAND RIVER RESCUE ROPE

Intended for high-load applications that normally call for a lifeline, but also require a rope that floats, the New England River Rescue Rope is compatible with Prusik hitches, ascenders, pulleys, and other rescue hardware.

#293220

SRT THROWLINE

Developed for swiftwater rescue technicians needing the versatility of a throwline with a larger diameter for a better grip, the SRT Throwline is supple enough to fit into a compact throw bag, but has extra strength and is easy to grip when setting tension diagonals or boat lines.

#292957

NFPA THROWLINE

Designed to meet the NFPA 1983 specification for a floating water rescue throwline, the NFPA Throwline is made with a Dyneema® core and polypropylene sheath.

#293387

REDI-LINE THROWLINE

An excellent choice for shore-based responders, this cost-effective polypropylene line features hollow-braid construction.

#292763

STATIC-PRO LIFELINE

An extremely low-stretch kernmantle rescue lifeline constructed of 100% High Tenacity Polyester (HTP) fiber. The polyester fibers do not absorb water, so there is no loss of strength or increase in weight if the rope gets wet.

Multiple colors and diameters are available.

SEWN-LOOP PRUSIK*

Sewn-Loop Prusiks offer unmatched performance—with strength equivalent to a tied Prusik loop, just without the cumbersome knot.

#293083 Short, 18", Red #293086 Long, 25", Green

AZ BOUND-LOOP PRUSIK*

Some rescuers prefer a bound-loop style Prusik for cinching the attachment tight around the carabiner to help snug the Prusik to the connector.

#293386 Long, 25", Green #293383 Short, 18", Red

WARNING: Removal of protective shrink tubing is not advised. This feature protects the stitching and label from premature wear. Removal could jeopardize user safety and product conformance to applicable standards.

PRUSIK CORD & LOAD RELEASE HITCH CORD

CMC Prusik Cord has the right balance of suppleness for reliable activation, but is not so soft that it wears out rapidly.

- #293008 Dark Green, 5mm
- #293011 Orange with Blue Stripe, 6mm
- #293012 Blue with Orange Stripe, 6mm
- #293017 Yellow, 7mm
- #293037 Blue, 7mm
- #293018 Green, 8mm
- #293038 Red, 8mm
- #293039 Orange, 9mm

FLAT WEBBING

While not all flat webs will hold knots securely, the CMC Flat Webbing has been specifically selected for the suppleness necessary to allow knots to be set securely. Sold by the foot with a maximum spool length of 150 ft.

ROPE LOG #993213

The All-Weather Rope Log contains 20 rope log forms on heavy Rite-in-the-Rain™ paper.

#993213

TUBULAR WEBBING

This mil-spec needle loom web is comparable in strength and abrasion resistance to the previous-generation shuttle loom (spiral weave) web. Sold by the foot with a maximum spool length of 300 ft.

BAGS & PACKS

NFPA ROPE RESCUE THROW BAG

NRS The NRS NFPA Rope Rescue Throw Bag is the ideal choice for the rescue professional or any boater looking for a bag with extra-strong rope that's easy to grasp and hold onto. Polyethylene-sheathed grab loop makes it super quick and easy to hook on a carabiner.

#45104.01

WARNING: This product can expose you to Di(2 - ethylhexyl) phthalate(DEHP), which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.p65Warnings.ca.gov

THROW BAG WITH 75' ROPE

The Mustang Survival Throw Bag is a valuable tool for first responders who have arrived to a water emergency. The Throw Bag is used after the victim has been stabilized with a flotation device. It is compact, lightweight, durable and easy to use. Contains 75' of 9mm multi-filament polypropylene rope.

#MRD075

WARNING: This product can expose you to chemicals including Di-methyl formamide (DMF) and Antimony trioxide, which are known to the State of California to cause cancer and Perfluorooctanoic acid (PFOA) and Ethylene glycol (ingested), which are known to the State of California to cause birth defects or other reproductive harm. For more information go to www.p65Warnings.ca.gov

WATER RESCUE GEAR BAG

#440752

Features quick-drain and breathable mesh sides and a durable reinforced vinyl bottom. It can be carried from the top or from the side like a suitcase.

PRO POCKET

CMC The Pro Pocket is designed to carry your accessory equipment such as runners, prusiks, trauma shears, gloves, etc. securely attached to your harness instead of in a Stuff Bag where the contents sink below the harness's leg straps, which can be difficult to access.

#434103 (Red)
#434105 (Black)
#434102 (Blue)

110L HEAVY-DUTY BILL'S BAG

Constructed with heavy-duty 21oz. TobaTex, the Bill's Bags will outlast a generation worth of adventures. The 34oz. TobaTex bottom extends six inches up the sides for extra wear protection.

NRS #55011.02.100 Red
#55011.02.101 Flint

HIGH ROLL DUFFEL DRY BAG

High Roll Duffel Dry Bags deliver the same rugged dependability as the legendary Bill's Bags, but in a duffel-style design that makes packing your gear, and finding it later, easy.

#55024.02.100 Red 35L #55024.02.102 Red 70L
#55024.02.101 Flint 35L #55024.02.103 Flint 70L
#55024.02.104 Red 105L

NRS 65L BILL'S BAG DRY BAG

Outfitters, guides and weekend warriors have relied on Bill's Bags to keep their overnight gear dry trip after trip, year after year. This midsize dry bag can compact enough to fit in overhead compartments of most airlines and is the perfect size for weekend and overnight trips.

#55012.02.102 Yellow #55012.02.100 Red #55012.02.101 Blue

AZTEK PROSERIES SYSTEM

#500104

As one of the most versatile tools in rope rescue, the CMC AZTEK ProSeries System reflects the philosophy of keeping rigging equipment simple, efficient, light, compact, and multi-purpose.

The system is thoughtfully designed to support rescue teams. Each component has been tested and proven to work efficiently in a multitude of lab and field scenarios. Everything comes pre-rigged and fully assembled for immediate deployment.

The CMC AZTEK ProSeries System comes fully assembled in the AZTEK ProSeries Pack and includes the following:

- CMC AZTEK Omni Pulley Set, (one blue, one orange)
- Quick Pin for AZTEK Omni Pulley (1)
- AZTEK ProSeries Cord – 15.2 m (50 ft) of 8 mm hi-viz orange, 15 kN (3,372 lbf), Sewn-Eye Termination – 12 kN (2,698 lbf)
- AZTEK Edge-Pro Tubular Webbing, blue .6 m (24 in)
- ProTech™ Aluminum Auto-Lock Carabiner w/ removable keeper pin – 29 kN (6,519 lbf)
- AZTEK Bound-Loop Prusik, orange (6 mm) – 9 in
- AZTEK Bound-Loop Prusik, blue (6 mm) – 9 in
- AZTEK Bound-Loop Purcell, blue (6 mm) – 42 in
- Maillon Rapide Quick Link, Oval (7 mm) – 27 kN (6,070 lbf)

RIVER RESCUE Z-RIG KIT

This Rescue Kit includes the water-compatible equipment necessary for setting up a 3:1 z-rig mechanical advantage system for river rescue incidents. Compact ProTech Pulleys minimize bulk and weight, and an included Rappel 8 allows for controlled lowering. Kits come with bags for easy equipment organization, storage, transport, and deployment. Complete kit components include:

- Rope Bag #2, Yellow (1)
- Stuff Bag Small, Red (1)
- Rappel 8 (1)
- Anchor Plate (1)
- ProTech Aluminum Key-Lock Carabiner, Screw-Lock, Brite (10)
- ProTech Aluminum Key-Lock Carabiner, Screw-Lock, Orange (1)
- ProTech Single Pulley (3)
- 7/16" River Rescue Rope (150 ft.)
- 60" Utility Loop, Red (1)
- 1" Tubular Webbing, Yellow (2 x 12 ft.)
- 18" Sewn Loop Prusik, Red (2)

#501505

EZ-STUFF THROWLINE BAG SET

EZ-Stuff throwline bag stands up and stays open when feeding rope, due to its unique flat bottom and trademarked side-grommet location. Hang the bag from your PFD and feed the throwline over your shoulder with the EZ-Stuff bag wide open for efficient stuffing.

#291550

REDI-LINE THROWLINE BAG SET

The pack cloth bags feature CMC's quick-release strap and top handle for easy throwing. An Ethafoam disc provides flotation.

#291350 for 50'
#291375 for 75'

SRT THROWLINE BAG SET

This set features the SRT Throwline, a multi-use water rescue line, in several lengths and types of bags. The pack cloth and mesh bags both have an Ethafoam disk for added flotation.

#291100 for Yellow Mesh (100')
#291250 for Orange Pack Cloth (50')
#291275 for Orange Pack Cloth (75')

#291100

#291250

#291275

NFPA THROWLINE BAG SET

CMC's NFPA Throwline Bag Set combines the CMC NFPA Throwline with the economical pack cloth bags. The 8-mm diameter line allows for a very compact throw bag.

#291750 (50')

#291775 (75')

THROWLINE BAGS (ONLY)

#433150

#433075

Special UV-resistant, high-strength mesh throwline bags and pack cloth throwline bags are available without rope.

#433075 Large Mesh, Yellow
#433175 Large Pack Cloth, Orange
#433150 Medium Pack Cloth, Orange
#433135 Small Pack Cloth, Orange

CMC[™] RIT-CRAFT

#478103

- Applications include swift water, flat water, ice, snow
- 12' long and 58" beam
- Open transom for easy victim retrieval
- Shallow draft for easy pivoting and maneuverability
- Rapid deployment design, inflation in minutes using SCBA or compressor
- High-visibility colors for identification
- Field repair kit included

FERNO FASTRAP QUICK RESTRAINT SYSTEM

This ten-point, five-strap system quickly and effectively secures patients to backboards and other devices. Color-coded straps are constructed of nylon with hook-and-loop closures. The Fastrap is adjustable from pediatric to adult, and includes a strap for the patient's wrists.

#726477 (Strap system only. Backboard not included.)

LITTER FLOTATION COLLAR

#726210

The lightweight Litter Flotation Collar provides flotation assistance during patient handling in water. Its flexible, two piece design allows for quick and easy installation on a wide variety of basket stretchers. (Basket stretcher not included)

TRAVERSE ADVANTAGE PLASTIC STRETCHER

Featuring a fully internal stainless steel frame combined with a high-density polyethylene plastic shell that protects the patient and provides a smooth bottom surface for sliding, this litter's frame provides a 11.1 kN strength rating.

#726125

FERNO MILLENIA BACKBOARD

#726400

The compact tapered design of the Millennium backboard provides easy maneuverability and storage. The sealed construction has high resistance to fluids, chemicals, and temperature. Ten X-ray translucent, polycarbonate speed-clip pins allow a variety of strapping configurations. Straps not included.

FERNO QUICK-CONNECT BACKBOARD STRAPS

#726401

This two-inch wide strap connects with brass clips to the speed clips on the Ferno Millennium backboard and other backboards with pins. Seatbelt-type buckles allow quick and secure patient attachment.

SKED STRETCHER FLOTATION SYSTEM

#756001

The flotation system for the Sked Stretcher maintains the patient in a nearly vertical position. It is designed so that a patient in the water can be loaded into the stretcher.

CARLSON RIVER BOARD

Whether you're a rescue pro who needs a dependable platform for swiftwater operations or a weekend warrior who just wants to play on the water, you can't go wrong with the Carlson River Board.

#86150.01

RESCUE BOARD

Lightweight, rigid and constructed for backcountry durability, the NRS Rescue Board is designed to meet the most demanding needs of swiftwater rescue professionals.

#86094.01

NRS

WARNING: This product can expose you to Di(2 - ethylhexyl) phthalate(DEHP), which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.p65warnings.ca.gov

HELITACK STORK

The Stork pediatric rescue carrier is a lightweight transporter that can be easily collapsed for stowage on airship. The bottom and sides are lined with 25mm (1") closed-cell foam to provide structural rigidity and buoyancy.

#724309

HELITACK HOTSEAT

CMC™

#724468

The HotSeat is designed for rapidly transporting a subject during helicopter short-hauling or hoisting. Quick-donning and built to last, the HotSeat expedites rescues by securing the subject in a stable, semi-seated orientation without needing to place them in a harness.

DERBY HELO STRAP

Derby Helo Strap extraction device quickly attaches the patient to the helicopter hoist hook for a short-haul or hoist rescue operation. This system allows the rescuer to maintain a position behind the subject, securing them around the chest area for an efficient rescue evacuation. Two cinch straps with handles adjust to quickly secure the subject into the system. Originally developed by a southern California fire department for flood channel rescue, the strap can be used for helicopter hoist pick-off rescues from water or cliffs. Heavy-duty webbing and construction used for long life and durability in harsh environments.

#201942 **Not intended for a patient with a spinal injury or injuries that require a litter evacuation.**

ZEN RESCUE PFD

The Zen PFD is a low-profile rescue jacket with all the features essential to assist guides and experienced paddlers in a swiftwater rescue situation. It is a Type V life jacket delivering 18 lbs. 10 oz. of flotation. Available in Red, Charcoal/Teal, or Black and sizes S/M, L/XL, or 2XL.

NRS #40030.02

BIG WATER V PFD

NRS Industry-leading commercial life jacket known for its comfort, durable construction and high-floating capabilities. Available in Green, Orange, Red, Yellow. Available in size Universal or Universal Plus.

#40015.03

CREW UNIVERSAL PFD

The NRS Crew Universal PFD is ideal for flatwater boating and close-to-shore safety. No frills or fancy stuff; this life jacket just offers safety and all-day wearing comfort. Available in Red or Green.

NRS #40003.03

RAPID RESCUER PFD

NRS #40025.02 Built to the standards of rescue professionals, the NRS Rapid Rescuer PFD goes beyond a flotation device. With advanced features, the Rapid Rescuer becomes a wearable tool during an emergency. Available in Red or Safety Yellow.

RESCUE SWIMMER VEST

#MRV170

This vest blends two core competencies: inflatable flotation and foam flotation, to offer a slim profile flotation solution.

WARNING: This product can expose you to chemicals including Di-methyl formamide (DMF) and Antimony trioxide, which are known to the State of California to cause cancer and Perfluorooctanoic acid (PFOA) and Ethylene glycol (ingested), which are known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

UNIVERSAL SWIFT WATER RESCUE VEST

High buoyancy (25lbs) USCG approved Type V SAR PFD designed specifically to meet the needs of rescue professionals facing the challenges of swift water.

#MRV15002

NRS CFD K-9 LIFE JACKET

The NRS Canine Flotation Device (CFD) gives your buddy extra flotation. The simple design won't hinder lunchtime frolics and the integrated handle makes hauling them back in the boat easy. Available in Teal or Orange. Sizes: XS thru XL.

#40023.02

PERSONAL GEAR

WATER RESCUE TETHER

This strong tether, made from 1-inch tubular web with a built-in bungee, works as a "live bait" water rescue attachment to your PFD.

#201707

TOW TETHER WITH CARABINER

The strong NRS Tow Tether, with built-in bungee, is used with the quick-release harnesses on rescue life jackets. 33" or 53" lengths.

NRS #50005.03

EXTREME SAR DRY SUIT*

The NRS Extreme SAR Dry Suit is purpose-built to not only keep you warm and dry, but to protect from the harsh environment and unpredictable conditions. Red or Safety Yellow.

#22529.04

EXTREME SAR GTX DRY SUIT*

Keeps rescuers warm and dry, but the durable construction handles the severe demands of the job. Red or Safety Yellow.

#22560.01

WARNING: This product can expose you to Chloroprene and Carbon Black, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.p65Warnings.ca.gov

SENTINEL SERIES WATER RESCUE DRY SUIT

This constant wear water rescue dry suit is waterproof, breathable, and ideal for flood, swift water, and ice rescue. Enhanced features are critical in protecting the rescuer in severe environments, and offered in 25 sizes to fit most first responders. Fluorescent Yellow Green-Black color.

#MSD624

WATER RESCUE DRY SUIT

This constant wear dry suit is based on the functionality of the legendary Mustang Survival Swift Water Rescue Dry Suit, but with sizes that fit a broader range. It utilizes Rapid Repair Technology to improve mobility for water rescue professionals. Fluorescent Yellow Green-Black color and available in sizes M-2XL.

#MSD576

SENTINEL SERIES DRY SUIT LINER

Designed with a combination Polartec® classic 200 fleece and Polartec® Power Stretch fleece, this dry suit liner provides extra insulation protection when in cold water and also helps reduce the thermal burden out of the water. 8 sizes available. Drop-seat version also available, #MSL601-GS.

#MSL600-GS

RESCUE WETSUIT

A full-coverage wetsuit designed specifically for rescue crews. The NRS Rescue Wetsuit provides a high level of insulation, while retaining mobility. Available in 8 sizes.

NRS
#17276.01

WARNING: This product can expose you to Chloroprene and Carbon Black, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

STEAMER 3/2mm WETSUIT

Designed specifically for rescue crews. It's built warm, tough and flexible for the rigorous tasks these professionals perform. 3mm high-stretch neoprene gives excellent core warmth while enhancing fit and mobility. Available in sizes S-2XL.

NRS #17276.02

WARNING: This product can expose you to Chloroprene and Carbon Black, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

ICE COMMANDER RESCUE SUIT

The suit of choice for search and rescue teams, fire departments, and ice rescue professionals.

The modular suit is completely waterproof with a watertight hood, integrated gloves, and attached boots. The Ice Commander is intended for ice and still/static cold water rescues only by trained professionals with the required and approved operating standards and requirements of their state or county.

#IC900103

KASK SUPERPLASMA HD HELMET

#346200 #346202 #346203 #346207

#346205 #346201 #346220 #346223

HAVOC LIVERY HELMET

NRS #42604.01

The NRS Havoc Helmet is your one-size-fits-most solution to whitewater safety. The DialFit system lets you quickly and easily adjust the fit to accommodate almost any head size.

Available in Blue, Yellow, Red, White and Matte Black.

#346227 #346226

Decal Sets sold separately.
#346701 Firefighter; #246702 SAR

The SuperPlasma HD helmets have been specifically designed for professional rescue and work-at-height applications. They are lightweight, compact, comfortable and well-ventilated with 10 air intakes, equipped with protective aluminum anti-intrusion grills to deflect debris and water.

Kask Helmet Decal Set also available: manufactured from high-quality 3M reflective material and die-cut for easy installation.

PERSONAL GEAR

CMC™ SUNBRERO

Adjustable Sunbrero fits over your helmet to block the sun from your face, ears, and the back of your neck. Its black undersurface prevents sun reflection, and it also works well in the rain.

#492155 Black; #492159 Gray (helmets not included)

BLACK DIAMOND STORM 450 HEADLAMP

#71661.06

Designed for the more technical adventurer, the Black Diamond Storm 450 headlamp is a bright headlamp, perfect for extreme environments. Rated IPX67: Dustproof and waterproof tested to

operate at least 3.3 feet (1 meter) underwater for up to 30 minutes. Rechargeable and AAA battery compatible. AAA batteries are included. The lithium rechargeable battery is sold separately. Available in Black, Octane, Azul, & Dark Olive.

NRS WORKBOOT WETSHOES

#30037.02

The NRS Workboot Wetshoe delivers superior traction and a thick neoprene construction to meet the demands of river professionals and rescue agencies across the globe. Available in full sizes 6 - 15.

 **WARNING:** This product can expose you to Chloroprene and Carbon Black, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

PRINCETON TEC APEX HEADLAMP

#130701

The brightest headlamp in Princeton Tec's professional series, Apex incorporates a single Regulated Maxbright LED plus four Regulated Ultrabright LEDs. Water Resistance: IPX7. Batteries: 4 AA Alkaline or Lithium. Alkaline batteries are included.

FUSE GLOVES

NRS #25021.01

Looking for extra warmth and blister protection for cool-weather paddling? NRS Fuse Gloves deliver 1mm neoprene insulation with a comfortable fit and excellent grip. Available in sizes XS - 2XL.

 **WARNING:** This product can expose you to Chloroprene and Carbon Black, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.p65Warnings.ca.gov

CATALYST GLOVES

NRS #25037.01

NRS Catalyst Gloves. Flexible 2mm Extend™ neoprene and taped seams retain warmth, while the soft-seam design delivers total comfort. Available in sizes XS - 2XL.

 **WARNING:** This product can expose you to Chloroprene and Carbon Black, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.p65Warnings.ca.gov

NRS ATB WETSHOES

#30029.02

The NRS ATB Wetshoe combines a heavy-duty sole for maximum traction with the warmth and cushion of neoprene construction. Available in full sizes 6 - 15.

 **WARNING:** This product can expose you to Chloroprene and Carbon Black, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

NRS PADDLE WETSHOES

The Paddle Wetshoe maintains a low profile for fitting into tight boats. Thick neoprene coupled with a soft interior lining provides maximum insulation, while a hardy rubber sole protects your feet from rocks. Men's are available in full sizes 6 - 14 in Black color. Women's model available in full sizes 6 - 11 in Poseidon color.

#30034.04 (Men's)

#30040.03 (Women's)

WARNING: This product can expose you to Chloroprene and Carbon Black, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

NRS BOUNDARY SHOES

#30035.02

The NRS Boundary Boots deliver knee-high waterproofness with a super grippy, rugged sole to handle harsh terrain. Available in full sizes 6 - 15.

WARNING: This product can expose you to Chloroprene and Carbon Black, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

SHREDDER SAR WATER RESCUE FINS

Ultra-Light technology optimizes power with up to 50% less weight and bulk. Blade design improves thrust and reduces ankle and leg fatigue. Adjustable buckle with quick-release system secures fins even in swiftwater. Available in Black or High-Viz Yellow/Black.

#46005341 Black
#46005343 Hi-Viz Yellow/Black
#46005349 Replacement Strap

UNIVERSAL RESCUE FINS

Designed to meet the demands of swiftwater rescue professionals, the NRS Universal Swim Fins also work well for riverboarding and general river snorkeling.

#45202.01 **NRS**

MAUI RESCUE DIVE MASK

The Maui Mask is low volume, single window design. Black Silicone Skirt. Popular mask for military and professional divers.

#2370503350

RESCUE 1 COLD WATER 7MM DIVE HOOD

The Dive Hood is made entirely of HS200 high stretch neoprene for exceptional comfort and fit.

- 2X-Large #237001166

WARNING: This product can expose you to Chloroprene and Carbon Black, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.p65Warnings.ca.gov

MILITARY FLEX SNORKEL

Classic neoprene rubber design with flex tube. Used by military units worldwide for its versatility and performance. Ideal for rescue and recover dive teams. Includes keeper for mask strap.

#23706930

ACR FIREFLY® PRO SOLAS STROBE LIGHT

#144930

The Firefly® PRO SOLAS Emergency Distress Strobe Light is the state-of-the-art heir to its famous forerunners, the Firefly® 3. Lamp/lens combo for high intensity flash. Large sliding switch allows for easy operation with gloves. Specially designed base platform allows unit to stand upright easily. Uses 2 AA batteries (not included).

ACR C-STROBE™

#238019153

The slim, lightweight and versatile design fits easily in a pocket or hangs discreetly when attached to a life jacket or backpack. The flexible lashing loops on the side of the product allow for multiple mounting options including the webbing on your backpack or straps on your life jacket.

WARNING: This product can expose you to chemicals including Bisphenol A (BPA) which are known to the State of California to cause birth defects or other reproductive harm. For more information go to www.p65Warnings.ca.gov

AQUAPAC SMALL VHF CLASSIC - 228 RADIO CASE

#55319.02

Today's smaller electronics need smaller dry bags. Aquapac's Small VHF Classic fits a range of smaller hand held VHF radio handsets, offering waterproof usability under many conditions. Award-winning Aquaclip waterproof sealing system. Fits up to 7.7" circumference radio bodies and approximately 13" total length handset. IPX8 waterproof to 30'/10m.

AQUAPAC LARGE VHF CLASSIC - 248 RADIO CASE

#55318.02

Chances are when you need your VHF radio it's not going to be dry and sunny. That's why Aquapac built their Large VHF Classic. Ideal for mariners of all types. Protect your safety tool. Award-winning Aquaclip waterproof sealing system. Fits VHF radios with longer antennas and satphones up to 15.7" long with 8.9" circumference. IPX8 waterproof to 30'/10m.

AQUAPAC SMALL VHF PRO - 229 RADIO CASE

#55326.02

Perfect for rescue professionals and serious paddlers. Tough, waterproof and you can use your radio while it's in the bag. Made of durable, military spec reinforced polyurethane material. Fits VHF 7.2" T (body), up to approximately 5" antenna, circumference of 8.5". Aquapac states 15" total length, including handset and antenna. IPX8 waterproof to 30'/10m.

XX CMC™ RADIO HOLSTER

#240027

Dual hook-and-loop straps allow it to fit on the shoulder strap of your pack or full-body harness. The unique, universal fit radio pocket is easy to adjust and holds most models of radios securely while allowing access to all knobs, front-mounted keypads, and displays. Color: Black.

RES-Q-RENCH

- Carbide tip window punch
- Heavy-duty seat belt cutter
- Pry bar for windows
- Door or window prop

CAPTAIN RESCUE KNIFE

The folding, lock-blade NRS Captain Rescue Knife is a great choice for guides and swiftwater rescue professionals. Features a rope cutting hook at the tip and a quick-slicing serrated edge.

WARNING: This product can expose you to Carbon Black, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

PICK-OF-LIFE ICE AWL

NRS Pick-of-Life awls are for self-rescue, allowing you to crawl on top of the ice using the picks as traction. You can also slide them to someone who has fallen through the ice.

PILOT KNIFE

Both rescue professionals and recreational boaters love the features of the NRS Pilot Knife. Not only does its unique design attract attention, the sheath provides convenient access and release of the knife when you need it most. Available in Green, Blue, Black or Orange.

WARNING: This product can expose you to Carbon Black, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

Accessory for the PILOT KNIFE:

#47302.01

Keep the Pilot Knife protected with the Pilot Knife Sheath. Made from fiberglass-reinforced nylon, spring steel and high-strength aluminum, the sheath fits both stainless steel and titanium Pilot Knife models.

FOX 40 SAFETY WHISTLE

The Classic Fox 40 Safety Whistle is the original and still the standard choice for rescue professionals. The 3-chamber pealess design has no moving parts to freeze, jam or deteriorate. Easy to blow and cannot be overblown. The harder you blow, the louder the sound. Available in Orange, Black, Yellow, or Neon Yellow.

AUXILIARY EQUIPMENT

RESQMAX COMPLETE KIT

#564060

The ResQmax Complete Kit provides versatility with a Line Projectile for delivering a messenger line or a Sling Projectile for deploying an inflatable sling.

RESQMAX SWIFTWATER RESCUE KIT

The Sling Projectile inflates on contact with the water to become a flotation collar for the subject or, at minimum, an easy-to-hold floating ring.

#564020

RESQMAX OPTIONAL EQUIPMENT

- #563000 Streamline Line Projectile
- #563050 Streamline Training Projectile, Red Cover
- #567120 CO2 Capsules and Water Soluble Bobbins (pack of 5)

RESQMAX LINE DEPLOYMENT KIT

Everything you need to launch a 1/8" (3mm) messenger line up to 350' (107m). The 500' (152m) Dacron® line has a tensile strength of 2.2kN. Once you have the messenger line across, use it to pull across the rescue rope.

#564000

RESQMAX GRAPPLING HOOK

This fixed grappling hook features three non-barbed tines. Made from titanium for high strength and light weight.

#567010

RESCUE TUBE

Vinyl Coated for great visibility and lightweight foam body for handling comfort. 36" long with soft nylon rope and one-piece body belt. USCG approved bronze snap hook. Yellow with "RESCUE" lettering. 3" x 36"

#460001

WATER RESCUE THROW RING

This USCG-approved ring buoy from Unicell soft foam that prevents rot or becoming waterlogged. Diameter: 24". Complete with grab lines.

- #460008 Ring Buoy 24"
- #460008-060 Ring Buoy w/60" Tether
- #460008-100 Ring Buoy w/100" Tether
- #460008M Stainless Steel Ring Buoy Holder

RESCUE CAN

Strong linear plastic with pebble-grained hand grips to reduce slip-page. Heavy duty 2" nylon strap and 10' of 11/32" line. Storage Racks are available.

- RESCUE 1 TECH 1** #460005 Standard
- #460006 Max Flotation

8 LINK

8 Link allows you to extend your Figure 8 descender further away from your harness to make room for a backup Prusik hitch below the descender. It attaches to the Figure 8 with a girth hitch. Multiple carabiner slots allow proper length adjustment.

MULTI-LOOP STRAPS

Made of 1" (25mm) mil-spec tubular web, these straps allow you to tie into your anchor with just the right length of web.

FASTLINK PICK-OFF STRAP

This is the only Pick-Off Strap with two carabiners incorporated directly into the strap, which reduces the overall weight. Uses the same high-strength, mil-spec web and adjuster hardware as the original Pick-Off Strap.

#201107

PICK-OFF STRAP

CMC created the Pick-Off Strap so that a rescuer could quickly connect to the victim and then adjust the strap to the desired length. The Pick-Off Strap works well for positioning the victim for a lowering or rappel-based pick-off, or for an assisted rappel.

#201106

ETRIER and ETRIER with TIE-IN

Made of 1" (25mm) mil-spec tubular web and designed specifically for rescue, this etrier is superior for litter tending and other vertical activities. All Etriers are 60" length. The Etriers with Tie-In have a 3 ft. multi-loop which can be attached to a harness as a safety backup.

UTILITY LOOPS

Designed for placing protection when climbing structures, the Utility Loops support versatile anchor building.

ADJUSTABLE LITTER STRAP

Allows for minor adjustments to be made while the litter is being carried. Quickly releasing the buckle extends the strap, preventing the rescuer from being pulled down with the litter.

#201102

LOAD RELEASE STRAP

The Load Release Strap makes sizing and tying a load-releasing hitch fast and easy.

#201108

ADJUSTABLE FOOT LOOP

#201195

Designed to be used in conjunction with an ascender/rope grab for ascending purposes. Connect an ascender to the top loop adjacent to the adjuster buckle. The yellow tether can be connected to your harness by clipping into any single loop on the tether for adjustment. Light and compact, it fits easily in your gear bag.

AUXILIARY EQUIPMENT

X-SLED 115 RESCUE BOAT

NRS
#86093.01

The NRS X-Sled 115 Rescue Boat gives rescuers the options needed for swiftwater, ice, low-head dam and floodwater rescues. Designed to accommodate two rescuers and one victim but can easily float 4-5 people.

WARNING: This product can expose you to Di(2 - ethylhexyl) phthalate(DEHP), which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.p65Warnings.ca.gov

ASR 155 RESCUE BOAT

NRS
#86090.01

On water, ice or snow the NRS ASR (All Surface Rescue) 155 Rescue Boat puts your rescue team where it needs to be. Overall dimensions (15.5'L x 49"W) deliver the length for carrying 3-4 people and the width for reliable stability in turbulent waters.

WARNING: This product can expose you to Di(2 - ethylhexyl) phthalate(DEHP), which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.p65Warnings.ca.gov

OTTER 130 SELF-BAILING RAFT

NRS
85012.01

The 13' NRS Otter 130 is a popular Otter™ raft. You can paddle it with up to eight crew members, load it for a weekend trip, or add an NRS fishing frame to go where your buddy's drift boat can't.

CMC™ RIT-CRAFT

#478103

- Applications include swift water, flat water, ice, snow
- 12' long and 58" beam
- Open transom for easy victim retrieval
- Shallow draft for easy pivoting and maneuverability
- Rapid deployment design, inflation in minutes using SCBA or compressor
- High-visibility colors for identification
- Field repair kit included

FLUORESCCEIN DYE MARKER

#984

Powder turns snow or water into bright fluorescent green signal. Can write in snow or on ground, excellent signal for rescuers to mark your location. Waterproof container. 2-pack.

RESCUE STICK

#MRD100

Provides rapid flotation assistance to a person at risk of drowning. Once contact is made with the water

it inflates in seconds to a large horseshoe shape keeping the victim afloat and their head above the water until help arrives.

LIFESLED PWC TOWABLE RESCUE BOARD

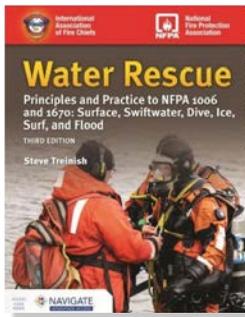

#351511

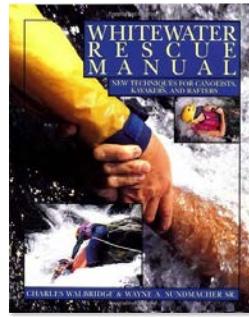

RESCUE
TECH 1

Severe-duty 3-point non-invasive hookup system with replaceable components. Over 450 lbs. of deadweight buoyancy. Ten fiber reinforced, tacky-when-wet handles are anchored internally.

WATER RESCUE MANIKIN

#149-1326

These adult models are made of durable vinyl plastic with rust-resistant stainless steel skeletons and articulated joints. When filled with water, manikin will submerge to the neck. Add additional 5-10 lbs. of weight to sink (weights not supplied; a brick will do).

CPR model and adolescent model are available.

MAN OVERBOARD-GEN2

The Man Overboard Water Rescue Manikin is built to simulate an unconscious victim in the water, floating at an angle of 45 degrees with just the head and shoulders above the water. It can be made to float horizontally by simply removing the 6 foam pieces from the front chest of the coverall and adding three pieces to the pockets on each leg.

#2395015040 Adult

#2395015020 Youth

Toddler and Infant models are available.
